

JETSKI TRIP ALONG THE SHORE OF GARRAF

If you feel like driving fast, in the sea and get out of Barcelona for a while, we can offer you a trip towards the shores of Garraf.

Garraf is a Natural Park. From the water you can see rocky cliffs and forests. The shore is quite irregular and fascinating with the calcium rocks. There are some small beaches you can stop by, and all that only about a half an hour from Olympic Port of Barcelona.
