

PROFESSIONAL MEETING

RIDE IN BARCELONA'S BAY

Any meeting can be more inspiring and fruitful when it is held in motivating conditions.

Not only what we offer is a different environment, isolation from the city noise, and possibility to share ideas and opinions in full discretion, but also, the relaxing influence of the sea and beautiful view on the Barcelona's bay.

Events Port Barcelona is expert in organizing sea events, pioneers in the city of Barcelona since 1997. Many companies have trusted us as the organizers - to name some of the biggest multinationals in the world: Microsoft, Bayer, Audi, Telefónica, Seat, Samsung, Adobe...

We have shared special moments with them in Barcelona's Bay and have enjoyed the pleasure and benefits of associating business and sailing.
